Impediments

Please list and describe the top three impediments stopping you from succeeding in your group's ambition and support the BCS vision of "Making IT Good for Society."

Impediment	Description
1. Issues related to the Virus	Issues with limitation of events and visits as of past years, held in various universities and organisations
2. Problems in circulating details of e-learning activities to university Chapters, for events and webinars	Unable to obtain an easy to use circulation list to reach the appropriate person in each of the various BCS university Chapters
3. Problems in publicising events to teachers to join webinars, and for their students to participate in the e-learning competition	Need to find an efficient means of reaching the appropriate teacher/lecturer in schools and universities in the UK and overseas. We would like teachers to join in the webinars, and for their students to take part in the competitions – we would also like to reach the home educated children

Additional Facts and Figures

Please provide any facts and figures you think would be useful to the Community Team for further analysis and future activity planning.

The e-learning Specialist Group membership is **830** (compared with 1,023 last year) who are mainly based in the UK, with approximately 23% are from outside the UK,
 The Specialist Group held during 2020/2021 eight webinars, a remote international conference and an e-learning Student and an e-learning Open competition.
 This SG has strong links overseas, with webinars presented from outside the UK, participants in the 26th annual INSPIRE 2021 conference from over twenty different countries.

Further Comments

If you have any further comments you wish to provide the Community Team; please give them below.

We wish to hold more webinars, with speakers from the UK and overseas, and widen considerably the participation in these events, so would like help with BCS publicity within and beyond the BCS members.

When physical events are more widely resumed, we would like physical events and visits, and events that can be accessed remotely and recorded, as are the current webinars, and would like to organise networking events, both face-2-face and via break-out rooms, and also more physical and online visits

We would like help in reaching teachers, and using CAS to communicate with them, and the BCS help in publicising the e-learning competitions

Nominations for Awards and Recognition

It is important that the BCS recognise deserving voluntary service. If you are aware of someone who warrants one of these awards, then please nominate them. It is easy to nominate someone, but, if you are unsure about completing the form, the Community team and your liaison in the Programme, Practice and Policy Committee can help. Please email groups@bcs.uk.

- At any time, both the contribution to BCS's work and the stature of the individual nominated should be commensurate with the standards set by previous recipients. There is no overall limit to the number of Honorary Fellows although it is unlikely that there will be more than two Honorary Fellows elected in any one year.
- To be elected, the nomination must be on the Trustee Board Agenda, and at least 3/4 of those present must resolve in favour.
